### Antimatter Chatter

*What's this chatter 'bout antimatter that's led us all askew?  
Might anti-glass not anti-shatter when it's been battered through?  
If one could spy the anti-sky would it look anti-blue?  
Why antimatter isn't matter we haven't got a clue!*

*If matter's not no less than hot is antimatter cool?  
Can anti-water fill a pot or backyard swimming pool?  
Does anti-honey taste as sweet when made by anti-bees?  
Will anti-money buy as many holes in old Swiss cheese?*

*What's this chatter 'bout antimatter that's led us all askew?  
Might anti-glass not anti-shatter when it's been battered through?  
If one could spy the anti-sky would it look anti-blue?  
Why antimatter isn't matter we haven't got a clue!*

*If empty space is emptiness is anti-space then full?  
Can any anti-dairy farmer milk an anti-bull?  
Is anti-moonlight visible beneath the anti-moon?  
Would anti-soup be edible without an anti-spoon?*

*What's this chatter 'bout antimatter that's led us all askew?  
Might anti-glass not anti-shatter when it's been battered through?  
If one could spy the anti-sky would it look anti-blue?  
Why antimatter isn't matter we haven't got a clue!*

*If what's out there is everywhere then what is nowhere's not  
If you can spot not what you've got then you've not got a lot  
We've tried to tell this riddle well but fear we've made things worse  
By filling up your anti-cup with silly anti-verse*

*What's this chatter 'bout antimatter that's led us all askew?  
Might anti-glass not anti-shatter when it's been battered through?
