

Ortyn and The Aliens

I Love This Land

I love this land... my fav'rite country
The best on earth... our U.S.A.
I'm mighty proud of where I come from
From my "Uncle Sam" I'd never go astray

I don't abide with false pretenses
Red white and blue... that's who I am
My simple life fulfills my senses
I've been priv'leged to be born American

*I love this land the Good Lord Blesses
Love my Grand Canyon and Grand Forks
My only Paris is in Texas
My Greece and Rome... upstate New York*

Our sacred rights we cherish dearly
This legacy we owe our brave
I thank those souls who most sincerely
Their young lives for us they all so nobly gave

*I love this land the Good Lord Blesses
Love my Grand Canyon and Grand Forks
My only Paris is in Texas
My Greece and Rome... upstate New York*

As liberty strength hope and justice
Hold us admired around the world
No sight can touch my heart as much as
When I see our sweet "Old Glory" fly unfurled

*I love this land the Good Lord Blesses
Love my Grand Canyon and Grand Forks
My only Paris is in Texas
My Greece and Rome... upstate New York*
