

***Maryland... Our Maryland***  
*(A State of Greater Destiny)*

O Maryland... our Maryland  
We praise the wonders of you  
Among the states that grace our land  
No other stands above you

Your loyal people bold and free  
Extol your noble history  
Our Maryland will always be  
A state of greater destiny

Though life may call us far away  
Within our hearts you'll surely stay  
Until the end our love we send  
To Maryland... our Maryland

Our Maryland will always be  
A state of greater destiny  
Until the end our love we send  
To Maryland... our Maryland
